Jackson, Mississippi's own Montshodaw looks to officially kick off his journey as a musician the masses can enjoy. With a sound rooted in elements of reggae, soul and hip-hop, Montshodaw is putting the finishing touches on his project "The Realms...Realm 1: I'ma Rise". The producer, artist and songwriter brings two singles forth today by the names of "Black Rose" and "Sunny Day", respectively.

As you grow older you may find yourself in a situation where you want to build with someone who doesn't have the same vision you have. This is the case for Montshodaw on "Black Rose". The single acts as a motivational record, with him aiming to help his muse see her inner-beauty for what it is. FlyMsCali features on the record to add a different perspective, perfectly rounding out the sound.

"Sunny Day" finds Montshodaw in more of an examining position, looking to explain that happiness can be found outside of our own being. The single is one of those that can improve a mood just by listening. The message is one we all could use so check out both singles and look for more to come from Montshodaw in the future.
